Ms. Jessica Grider, from Dallas, Texas, is a Sophomore at Howard University (her dream school) majoring in Broadcast Journalism. Currently, Jessica is serving as SFE&PD’s Social Media Intern. At SFE&PD, Jessica is working to raise awareness about teaching financial literacy to college students, so they have the necessary personal finance skills to ensure their financial well-being. In addition to her interest in financial literacy, Jessica is also involved in outreach to teens in adverse school systems. Jessica hopes her current work will have a positive impact on young adults and plans to pursue a career as a hard-news reporter after college.
